

TRUCKING INFORMATION

Boats must be properly prepped for trucking. Rigging or canvas that is not properly secured can do extensive damage to a boat. Crowley's strongly recommends that you use a trucking company that specializes in boat transport and that you work directly with the trucking company rather than with a trucking broker. Make sure you have insurance that covers the boat during transport and that the trucking company is also properly insured.

PREP AND LOAD OUT CHARGES

- Full service mast unstep - \$18.00/ft. LOA
- Pack mast for shipping - 2-3 hrs. \$110.00/hr. plus materials
- Pack boat for shipping - \$110.00/hr. plus materials (if needed)
- Load boat onto truck - \$14.00/ft. LOA
- **When applicable:** Load mast onto truck \$2.50/ft. LOA; load out cradle \$55.00
- **Extra tall sailboats and powerboats:** There will be additional charges if the keel and/or deck hardware needs to be removed and wrapped or packed.

Crowley's needs a minimum of 7 days notice to have the boat ready for trucking out.

The trucking company must contact Crowley's 48 to 72 hours before arrival.

We will contact you with an updated estimate once we inspect the boat and confirm the services needed.

The work needs to be paid in full before the boat leaves the yard.

All boat trailers should check into the office before entering the yard.
